

## LAY THE CORNER STONE OF THE SOLDIERS' MONUMENT

Grand Reunion of the Rock County Ex-Soldiers and Sailors of the Civil War Who Risked Their Lives in Defense of Their Country.

## VETERANS FROM ABROAD PRESENT

Imposing Ceremonies and a Gladsome, Happy Reunion of Old Soldiers at the Court House Park Today—Scenes and Incidents of the Meeting.

Today we again show our appreciation of the efforts made by our soldier and sailor boys to provide safe homes and a stable government beloved and respected by all. We have decorated our city in their honor, we have laid aside business cares and worry and once more given vent to that enthusiasm which always bubbles up at the sight of a veteran. Our most distinguished citizens and our municipal officers have joined hands and stood as it were with bared heads acknowledging the gift of freedom and an earnest of prosperity vouchsafed by these gray haired veteran soldier boys as they march to the music of the life and drum.

**Beautiful Token of Love.** The soldiers' monument, that beautiful token of the everlasting respect and love we bear to Rock county soldiers and sailors, has received its corner stone, laid in reverence and respect, on a foundation built by others who foresaw the graceful and imposing superstructure which was to be erected for the perpetuation of that memory which shall last while time lasts.

So it personifies the jaying of the cornerstone of the republic forty years ago by these same boys, laid in blood on the fields of Gettysburg and Bull Run; laid on a foundation built by their fathers at Bunker Hill and Valley Forge, and intended to support the splendid superstructure of our present imposing republic, over-arching other countries, as our Washington monument overtops the rest.

In that cold stone is congealed the sympathies and love of thousands of Rock county patriots, who have not been allowed to show their patriotism on the battle field but who have nevertheless fought just as desperate battles in perpetuating and making glorious that which the veterans fought to save.

May our love and admiration outlast the stone that represents it; and may the soldier and sailor boys pass their declining years in the happiness and peace they fought to preserve generations unborn.

**Five Hundred Veterans.** Five hundred ex-soldiers and sailors of Rock county gathered in the Court House park today to take part in the exercises of laying the corner stone of the foundation and depositing therein a box nine inches long, five inches wide and four inches deep containing a roster of all the posts in Rock county, a copy of every newspaper published in the county; a copy of the last proceedings of the county board of Rock county, wherein appropriation for the erection of the monument was made. A list of the members of the county board.

The exercises were opened at two o'clock by an invocation by the Rev. W. W. Woodside, who was followed by State Senator J. M. Whitehead with a masterly address, covering the causes of the gathering and the reasons for the erection of the monument.

**Dr. Whiting Replies.** Dr. J. B. Whiting in behalf of the soldiers and sailors accepted the offer of the acting mayor in a few well chosen words. President J. L. Bear's annual address was then delivered.

This address was followed by another song by Col. E. O. Kimberly entitled, "Comrades Close Together." The song created much enthusiasm among the soldiers with whom Col. Kimberly is a favorite.

A. H. DeGroot, department commander of the G. A. R. delivered a masterly address and he was followed by Albert Salisbury of the White-water Normal school, who gave a brief talk which was loudly applauded by his hearers.

Col. E. B. Gray, who never fails to please, gave a short address after which the grand chorus America was sung by all present.

It was a great disappointment to those present at the exercises that Col. A. G. Weissert of Milwaukee, was unable to address them on account of throat difficulties. Col. Weissert is a graceful speaker and never fails to please his hearers.

**The Officers Elected.** A business meeting of the members of the ex-Soldiers and Sailors' association of Rock county was held this morning at the W. H. Sargent post hall. The following list of officers were unanimously elected for the ensuing year:

President—J. L. Bear, Janesville. Vice President—W. P. Clarke, Milton. Secretary—W. J. McIntyre, Janesville. Treasurer—W. G. Palmer, Janesville.

Chaplain—Milton Wells, Footville. It was decided to hold the next annual meeting in this city in 1902.

Considerable comment was made by the members of the association at their business meeting over the fact that the merchants and business men of Janesville did not generally decorate their places of business and acted as if the old soldier had lived too long already and was only fit to draw his pension.

At the close of the business session the members present adjourned to the Court house park where the W. H. Sargent Corps, No. 21, W. R. C., had a spread fit for a king and the boys in blue enjoyed themselves to the fullest extent until the afternoon exercises began.

When the committee of the ex-Soldiers and Sailors of Rock county started to deposit the box containing the records in the corner stone it was found that the space hollowed out was not large enough to admit the box. A mason with a hammer and chisel was soon secured and the hole enlarged to take in the sealed box.

**Schwab Refuses Any Arbitration.** He has rejected the proposals of the Knights of Labor—Federation is Active.

Pittsburg, August 29.—President Shaffer said this morning that he had no information of the rumor that the Federation of Labor intended to extend the strike to involve fifteen thousand more men.

Indianapolis, Ind., August 29.—Simon Burns, president of the Knights of Labor and Glass Workers, international union announced today that President Schwab of the steel trust had rejected his proposal of arbitration of the steel workers strike.

## SULTAN IS ILL FROM ANXIETY

Furious with His Officials for Permitting Trouble with France.

## TURKS WANT WAR

The Turkish Press is Inciting the People Against the Foreign Unbelievers.

## WARSHIPS ASKED FOR

Constantinople, Aug. 29.—The sultan is nearly ill from anxiety and indecision relative to the rupture with France. He is furious with the Turkish ambassador to France for advising him that the French foreign minister was not supporting Constantinian demands on the Porte and that nothing was to be feared. He is also enraged at the Ottoman Bank for failing to raise the money required in time for the sultan to fulfill his promises to the French ambassador.

## KAISER INHERITS A MILLION MARKS

Will of the Late Empress Frederick Leaves Large Sums to Each of Her Children. Chronberg, August 29.—The will of the late Empress Frederick was opened today in the presence of her relatives and legal advisers. She leaves 1,000,000 marks to each of her six children, including Emperor William. Friedrichshof is bequeathed to her daughter, Princess Frederick Karl of Hesse. The late Empress' fortune totals 11,000,000 marks. The youngest child, Princess Margaret of Hesse, wife of Prince Frederick Charles of Hesse, gets Friedrichshof castle, on which the dowager Empress spent the whole of the 3,000,000 marks bequest which she received from the late Countess Galliera.

## STATE EMPLOYMENT BUREAU BOOMS

Commissioner Erickson Issues a Statement of the Work at Milwaukee and Superior.

Madison, Wis., August 29.—According to a report issued by Commissioner Erickson last night, the free employment bureau at Milwaukee and Superior last week had the following business: Applications for employment, 190; applications for help, 184; positions filled, 134; applications for employment unfilled, 56; applications for help unfilled, 50. Since the bureau has been in operation their business has been: Applications for employment, 1,335; applications for help, 1,729; positions filled, 1,041; applications for employment unfilled, 294, and applications for help unfilled 688.

## WANTED A KISS BUT GOT A SLAP

Kansas Woman Asks for a Divorce Because Her Husband Would Not Caress Her.

Kinsley, Kan., Aug. 29.—A divorce suit filed in Hodgeman county by Mrs. August Simmons promises to rival in interest anything in the divorce line previously instituted in the West. Mrs. Simmons' complaint is that her husband refuses to kiss her or make love to her. She alleges that her husband had willfully and maliciously refused to pet, caress, kiss, or to otherwise show his affection for her since her marriage two years ago. Further on in her petition she says that because she attempted one day to steal a kiss her husband slapped her and spat in her face.

## COMPETITION OF STATE RIFLE TEAM

The Contest for First Place Will Begin at Camp Douglas September 9-14.

Madison, Wis., August 29.—(Special)—The competition of the regimental rifle teams of the Wisconsin National guard, the result of which determine the state rifle team, will be held at Camp Douglas on September 9 to 14 inclusive, in compliance with orders issued by Adjutant General Boardman today. Col. George Graham will be in command of the camp, with Quartermaster General Joshua Hodgins as volunteer executive range officer.

## KNIGHTS TEMPLAR ADJOURN TONIGHT

Louisville, August 29.—The principal business of the Knights Templar encampment today was the election of officers. Tonight the convocation closes with a ball, which twelve thousand are expected to attend. Tomorrow countless excursions will be run to points of interest in the state. There is a dearth of applications for the next meeting, the committee on selection have not received an invitation from Milwaukee and St. Paul, and Indianapolis is now mentioned. Deputy Grand Master Henry Bates Stoddard of Bryan, Tex., was elected grand master.

## FATALITIES WILL REACH THIRTEEN

Philadelphia, Pa., August 29.—The number killed by an explosion of a boiler on the steamer City of Trenton may be increased to thirteen, two of the injured in one hospital being in a critical condition. It is also feared that other bodies will be found in the beached wreck.

## FARMERS WILL NOT BE LOSERS

Reduced Yield is Offset by Very Much Better Prices.

## THE SAME INCOME

Everything the Farmer Has To Sell Will Bring in More Money.

## MARKINETS SCHOOL AUTHORITIES RESCIND PROHIBITORY MEASURE OF LAST SPRING

Marinette, Wis., August 29.—The Marinette school board has rescinded its action in regard to football. The sport was prohibited last spring by resolution, but on petition of the parents of fifteen of the members of the team, who agreed to assume all responsibility for accidents, the board decided to allow the game to be played this fall with certain restrictions.

## SALARY TOO SMALL FOR PUGH

Unless Position of Game Warden Will Pay Well Racine Man Declines. Racine, Wis., August 29.—It is probable that Captain John Pugh, appointed game warden for the first district of Wisconsin, in place of John J. Abel of Kenosha, will not accept the position. At present Mr. Pugh is superintendent of the big coal yards of his brother, William H. Pugh and receives a good salary. Unless the salary paid to a game warden exceeds that now received Mr. Pugh will most respectfully decline.

## KAISER INHERITS A MILLION MARKS

Will of the Late Empress Frederick Leaves Large Sums to Each of Her Children. Chronberg, August 29.—The will of the late Empress Frederick was opened today in the presence of her relatives and legal advisers. She leaves 1,000,000 marks to each of her six children, including Emperor William. Friedrichshof is bequeathed to her daughter, Princess Frederick Karl of Hesse. The late Empress' fortune totals 11,000,000 marks. The youngest child, Princess Margaret of Hesse, wife of Prince Frederick Charles of Hesse, gets Friedrichshof castle, on which the dowager Empress spent the whole of the 3,000,000 marks bequest which she received from the late Countess Galliera.

## ADKINS IS UNDER PROFESSIONALISM

Beloit Base Ball Pitcher May Be Suspended Because He Pitched at Sycamore, Ill.

Madison, Wis., August 29.—In addition to the suspension of Merrill Beloit's crack athlete, it is announced by President Liggins of the central association, A. A. U., that Merle Adkins, star pitcher of Beloit college, is also under ban of professionalism on account of his playing at Sycamore, Illinois. Adkins expects to play on the Beloit football team this fall.

## GIRL DRINKS CARBOLIC ACID

Cora Solway of Oconto Swallows a Dose of Poison. Oconto, Wis., August 29.—Miss Cora Solway, a well-known young woman of this city, drank the contents of a two ounce vial of carbolic acid. Two doctors worked over her all day and although yet unconscious, there are hopes of her recovery.

## PEOPLE STARVE IN SOUTHERN TEXAS

Fort Worth, Texas, August 29.—Word reaches here that the conditions in Zapata county where a long drought has deprived the inhabitants of food, that the conditions are growing worse and unless help reaches the people at once a great loss of life will follow.

## VALUE OF RAINS TO THE CROPS; WAS WORTH \$20,000,000 TO WHEAT

Every Inch That Fell in 1900 Was Worth \$42,000,000 to the Corn Crop—Weather Men Make a Plea for the Forecaster.

Madison, Wis., August 29.—Prof. A. J. Mitchell, the forecaster at Jacksonville, Florida, made some interesting statements about the value of rains to the crops at the weather men's convention today. He figured upon the value of the crops as reported in 1900 and concluded that every inch of water which fell during that year was worth \$42,000,000 to the corn crop. He took the rainfall in the corn belt and divided \$750,000,000 the value of the crop by the average rainfall in that belt.

## M'COY AND WIFE MADE UP AGAIN

Saratoga, N. Y., August 29.—Kid McCoy and his wife have made up again. All of the many counter-suits for damages and separation are withdrawn.

## THE BEST OCEAN RECORD IS BROKEN

New York, August 29.—The ocean speed record was smashed this morning when the steamship Deutschland arrived off Sandy Hook, clipping 24 minutes off of the best previous record between Cherbourg and New York making the voyage in 5 days, 12 hours and 5 minutes.

## JOSEPH ZACHELO ELECTROCUTED

Sing Sing, New York, August 29.—Joseph Zachelo was electrocuted in Sing Sing prison this morning for the murdering of his mother-in-law.

## MOB SEEKS THE LIFE OF A NEGRO; ANGRY FARMERS INTEND TO KILL

Woods in Which a Woman Slayer is Hid is Surrounded by a Furious Crowd—He Will Be Burned at the Stake if Captured.

Kansas City, Mo., August 29.—A murderer. The woman lived long enough to tell that Francis had shot her.

**Horse Shot to Delay Pursuit.** The negro also had shot to death the only horse on the place to delay pursuit.

The place being some distance from Columbus, the authorities did not learn of the crime until midnight, but farmers in the neighborhood were notified at once, and with people from nearby villages they began the pursuit.

Bloodhounds were sent for, but when they arrived the trail was too old and the dogs could do nothing.

It is not known whether the negro fled on horseback or afoot, but the pursuit was begun so soon after the discovery of the crime that every outlet from the country was closed promptly.

Francis has always lived near Columbus, knows every foot of territory in that vicinity, is more likely to hide in the brush than to flee to a straggled district. The vines and weeds along the creek beds are tall and tangled, and afford thick shelter. The volunteers will hunt all night, and will be relieved by others tomorrow as if she had fought with the row.

**Brother of Slayer Also Sought.** Bud Francis, a brother of the man sought, also has disappeared, and he, too, will be captured by the avengers, if possible. Although he is not believed to have been a party to the crime, it is deemed certain that he aided his brother in the flight. If found he will be forced to tell what he knows of the slayer's whereabouts.

"Bossie" Francis, a farm hand in the employ of Charles E. Hyatt, was the only person at home yesterday, except Miss Henderson, a sister of Mrs. Hyatt. When Hyatt and his wife returned they found Miss Henderson dying in the kitchen, a bullet wound in her head and her clothing torn as if she had fought with the row.

## CARRIES OFF FIRST HONORS

Colorado Commandery of Denver Wins Knights' Contest.

## JUDGED BY CRITICAL MEN.

St. Bernard, No. 35, of Chicago, Secures Second Trophy—Beautiful Kentucky Belles Present the Prizes—Dance at Horse Show Building.

Louisville, Ky., Aug. 29.—Colorado commandery, No. 1, of Denver, before an admiring throng of 18,000 people and under the critical eyes of a board of judges composed of three regular army officers and a representative of the Knights Templar, captured the first prize in the competition of drill teams from the commanderies of the knights. St. Bernard, No. 35, of Chicago, the favorite with many spectators, captured second place, while Golden Gate, No. 16, of San Francisco, and Hanselman, No. 16, of Cincinnati, came in for third and fourth prizes, respectively. California commandery, No. 1, being the only mounted command, had no difficulty in capturing the trophy for the best appearance and drill on horseback. The other contestants were Columbia commandery, No. 2, of Washington, D. C., and Allegheny, No. 35, of Pittsburgh, Calvary, No. 3, of Parkersburg, W. Va., failed to appear at the appointed hour and hence did not compete.

A score of handsome Kentucky belles, acting as sponsors, presented the prizes at 8 p. m. in the Horse Show Building. This over, the contestants and their sponsors led a grand march, after which dancing began. The trophies were of silver and were as follows: First prize—Thirty-four pieces, valued at \$3,000. Second prize—Twenty-four pieces, valued at \$2,000. Third prize—Center piece, valued at \$1,300. Fourth prize—Two pieces (mounted), valued at \$900. The prize for the mounted drill was a huge silver loving cup valued at \$600.

**The Work in the Forenoon.**  
Louisville, Ky., Aug. 29.—A spectacular competitive drill by the crack commanderies of the country attracted a crush of Knight Templars convalesce visitors to Churchill Downs today.

While the knights were drilling, the business end of the convalesce—the meeting of the grand encampment—got under way at the Girls' High school.

When Grand Master Lloyd called the meeting to order there were about 120 knights present to transact business. The grand master's, the grand treasurer's, the grand recorder's and a number of other reports were received and referred to their proper committees.

The report of Grand Master Reuben H. Lloyd contained the following: "The order is in a most satisfactory and healthy condition, and steadily growing. The present term, which began July 1, 1899, commenced with 114,540 members, and closed with 125,108. The order is in a much more healthy condition than it was before the promulgation of the decision that voluntary remaining a non-affiliate in lodge or chapter for six months would affect membership in a commandery, for now every member of the order is sustaining it, root and branch."

**Franks Result of War.**  
"Since our last session, a formal treaty of peace has been entered into between the United States and Spain. By ninety days of actual warfare over ten millions of people, occupying more than 260,000 square miles of the earth's surface, were freed from oppression. Where it was dangerous to be a Mason, our order may now securely spread its humanizing and elevating influences. The schoolhouse and the lodge can labor together to brush aside ignorance and superstition, and teach the down-trodden people the blessings of civil and religious liberty. We should indeed feel proud—as we do—that a Templar was the guiding spirit in bringing about this happy change to so many human beings."

"The sphere of our usefulness is gradually enlarging. Our labors are but commencing. We must press onward until liberty and enlightenment shall illumine the world; until every land and every people shall have heard and rejoiced at the fulfillment of the proclamation made by the angels at the coming of him whose followers we are. 'On earth peace, good will toward men.'"

"The report of the grand treasurer, H. Wales Lines, showed receipts of \$11,069 and net cash resources of \$47,236."

**Big Gains in Membership.**  
"The report of the grand recorder, William H. Mayo, contained these figures: Net gain in membership in 1899, 2,444; in 1900, 2,308; in 1901, 4,304, the year ending July 1. There are at present 1,059 commanderies, with a membership of 125,108. The states having over 2,000 are as follows: California, 3,556; Connecticut, 2,696; Illinois, 9,587; Indiana, 3,767; Iowa, 4,373; Kansas, 3,361; Kentucky, 2,395; Maine, 3,590; Massachusetts, 5,880; Rhode Island, 13,112; Michigan, 5,880; Minnesota, 2,739; Missouri, 4,606; New Hampshire, 2,234; New York, 12,163; Ohio, 8,945; Pennsylvania, 13,288; Texas, 2,270; Wisconsin, 3,149."

## Scott's Money Not to Burn.

Brookings, S. D., Aug. 29.—Mrs. William Townsend of this city has returned from Fairbault, Minn., where she has been to look after her interests in the estate of her uncle, Harvey Scott, who died August 1, leaving property to the amount of about \$60,000. Of this amount there is \$25,000 in government bonds and notes. In his will he ordered \$25,000 to be burned and would that \$5,000 be given to his housekeeper. The authorities have refused to destroy the money as directed in the will and it is likely the heirs will secure their rights.

## Five Hurt in a Runaway.

Frankfort, Ky., Aug. 29.—In a runaway accident on the Versailles pike two miles from Frankfort, Mrs. Edward Porter Thompson, the wife of the well-known writer and historian, was injured internally, and her grandchild, Elliott Orr, a 4-year old baby, had his skull fractured and is not expected to live. Edmund Orr, another grandchild, is injured internally and will probably die. Miss Kate Thompson, a daughter of Mrs. Thompson, had her leg broken and sustained internal and external injuries. Miss Una Suduth was badly bruised.

## To Revive "Scramble" Races.

San Francisco, Aug. 29.—The California Jockey club announced that there would be two hurdle races on its track each week of the coming season. These races were abandoned on the Oakland course some time ago, but will now be resumed.

## Humuhumunukunukuapuaa.

Washington, Aug. 29.—Dr. Barron W. Everman and his scientific party will report a lot of things to Congress about the fisheries of Hawaii that are very interesting. The general public will perhaps be most edified to learn that a Hawaiian calls fish "humuhumunukunukuapuaa."

## Bartley Is Sent Back to Prison.

## Wild Gusher Under Control.

Beaumont, Texas, Aug. 29.—The wild Palestine-Beaumont oil well, which is responsible for three deaths, was placed under control at 10:30 o'clock a. m. without further fatalities, by Frederick W. Chase, the diver, who had worked since last night at the task. As the land surrounding the well is covered with oil, the country will be flooded with water. This will, it is believed, carry the oil to the Neches river, whence it will flow into the gulf of Mexico.

## Town-Lot Sale Completed.

Washington, D. C., Aug. 29.—Assistant Commissioner Richards of the general land office has received a telegram from the new town of Anadarko in Oklahoma, saying that the government sale of town lots in that place had been completed. Eleven hundred and twenty-four lots were sold. The aggregate amount received is \$188,455.

## DIE ON A BLAZING BOAT.

Eleven Persons Lose Lives on Delaware River.

## MORE THAN FIFTY INJURED.

Ten Others Missing—The Boiler on the Passenger Craft City of Trenton Explodes—Clouds of Escaping Steam Overwhelm All Near the Furnace Room.

Philadelphia, Pa., Aug. 29.—Eleven persons were killed, more than fifty were scalded or burned and ten or more are missing as the result of the explosion of a boiler on the Delaware river steamer City of Trenton of the Wilmington Steamboat company's line in the afternoon. The disaster happened in midstream opposite Torresdale, fifteen miles above this city, while the steamer was on its way to Trenton, N. J. While scalding steam was killing and scalding passengers and members of the crew flames attacked the vessel and added to the horror. Many persons leaped overboard and several were drowned. Some on board who were rendered helpless by scalds were trapped by the flames and burned to death. The boat ran ashore finally and those who were able to move fled from the vessel. Heroic rescues here also helped to cut down the fatalities. The list of missing may be swelled from the original estimate, which places it at ten. The bodies of eleven victims have been recovered. The dead are: J. D. Crew, assistant engineer; Miss Elizabeth Green, Philadelphia; Arthur Lansing, Trenton, N. J.; Matt Mable, fireman, Philadelphia; August Mable, deckhand, Philadelphia; James O'Connell, fireman, Wilmington, Del. Five passengers, names unknown. The missing and injured are mostly from Philadelphia.

Nothing of moment occurred until the boat reached Torresdale. At a point opposite what is known as the Harrison mansion, a spacious building fronting the Delaware river at this suburban resort, the steam pipe connecting with the port boiler burst with a loud report. The forward portion of the upper deck was well filled with passengers, while many others were in the cabin. Before any of the passengers or employees had an opportunity of seeking places of safety another explosion occurred and this time the port boiler was rent in twain. Scalding steam and water poured into the cabin and sections of the woodwork of the boat were torn away by the force of the explosion. Those of the passengers who were not seamed and scarred by the scalding steam and boiling water were struck by the flying portions of the splintered cabin. Legs and arms were broken and faces and bodies were parboiled. The screams of the injured could be heard on shore and the cries of those who leaped into the river were heartrending. So great was the force of the explosion that a piano in the upper drawing-room of the boat was hurled many feet away from the boat into the river. This proved a fortunate circumstance for many of the injured passengers. Thrown into the water, scalded and otherwise injured so that they were rendered helpless they clung to the piano, which had fallen into shallow water, until rescued.

Kodol  
Dyspepsia Cure

Digests what you Eat

Dyspeptics cannot regain health and strength by living upon half rations. They must eat plenty of good food and digest it. To enable them to do this they should use something that will help the stomach do its work. KODOL DYSPEPSIA CURE is such a preparation. It digests what you eat and supplies the substances needed to build up the worn out digestive organs.

Prof. J. Iverson, of Lonaconing, Md., says: "For thirteen years I suffered agony from dyspepsia and neuralgia of the stomach. I tried almost everything and doctors drugged me nearly to death with morphine, but temporary relief was all I could obtain till I was advised to use KODOL DYSPEPSIA CURE. The first dose gave me relief. I bought my first bottle in March, 1900, and I have not had a single pain since. It has completely cured me. I cannot endorse it too highly."

**SHAFFER SHIFTS AGAIN.**

President Shaffer of the Amalgamated Association has made a public speech changing his position on the strike question.

He now agrees to discontinue the strike, providing the old scale of wages of last year be adopted and there be no discrimination against the strikers in starting the mills.

This change of attitude is probably due more than anything else to the knowledge the president has of the fact that the mills are slowly getting into shape for running full time with non-union men; and also the strong popular feeling in the steel communities that the strikers might better secure work while it lasts rather than allow time for the trust to educate green hands into expert steel workers.

The corporation will not be willing to displace the new men with strikers under any circumstances, because of the feeling that these men have risked their lives in order to help the trust, and it would be manifestly unfair to discharge them in order to give their jobs to strikers.

This point seems to us to be the crucial one, and also the demand which will work more harm to the laborers in general than any other. Every man has a right to quit when he pleases, but he must be made to suffer the consequences of a possible loss of employment when he quits, and his right to a job is no more than that of his fellow workman who does not think best to join the union.

All men are created equal, and membership in any association ought not to interfere in any way with the demand and supply of labor, any more than a broker ought to be allowed to regulate the supply and demand of foodstuffs.

The trust officials make the statement that the strikers have broken contracts with impunity and that hereafter they will cut loose from union labor entirely. It is this obligation to a contract that has held the South Chicago men to their work, and won admiration for their stand.

**PROMISES BROKEN.**

The sultan of Turkey has shown again his utter disregard of promises France has made a request that the sultan hand the French ambassador a statement of his plans regarding the proposed settlement for quays by Aug. 17; on the 19th M. Constans telegraphed his government that he had received no communication from the porte, and he was immediately ordered home.

The action of the sultan is not a surprise to those who have kept themselves informed on the habits of the "sick man," but the action of France is indicative of a change in European sentiment as regards the status of the Ottoman empire.

Heretofore no country was allowed to break with Turkey because the geographical position of that country made it impossible for all Europe to agree in the distribution of the spoils of war.

International jealousies and covetousness have saved the throne of the Turk many times, and knowing this fact he has become so smooth in his political trickery, that generally he has been able to divert attention from his misdeeds to suspicious actions of rival powers.

Russia has been a friend of the Turk and France has always taken sides with Russia; now it appears that these two friendly powers have come to an understanding which may leave the Turkish empire scattered to the four corners of the earth.

And yet the possession of the Dardanelles will almost certainly cause a disastrous dispute among the powers, because that waterway is considered almost equal in importance to Gibraltar.

Austria should receive the largest slice of Turkey in order to strengthen herself sufficiently to be considered one of the powers and the force of the Dreibund may be sufficient to insure that if Turkey does not quickly settle matters with France.

In any event a vision is desired, but not one that will cause a bloody and costly European war.

**THE REV. M. G. HODGE**

The death of Doctor Hodge comes to Janesville people with peculiar significance.

The impress of his life has entered into the moral and religious structure

of the city more profoundly than the life of any other pastor because his double term of service was more extended.

He was a strong man in many ways and his strength was imparted to the church.

His name was a household word on the streets and in many homes, because of the kindly disposition and genial spirit, for which the man was always noted.

He possessed in rare degree the grace of common sense, and his public utterances, as well as his private life were above criticism.

He expressed in his life the faith that was in him and his sincerity and honesty was never questioned.

The manliness of the man gained him recognition and commanded respect in social and business circles, and his life is woven into the city so permanently that its influence will live for generations.

Dr. Hodge was a good man and his contact with humanity was helpful and wholesome. While his death will be sincerely mourned throughout the city, his many friends realize that he lived to a purpose, and when the end came it found him well advanced in years with his work faithfully done.

Texas has turned the hands of her clock back again to the time of wampum. No more checks are to be received by the treasurer, cash is the only style so far as money is concerned. Even the shades of Hogg & Bailey can be seen blushing as they consider how easy they "did" the state.

Some of the southern sheriffs have shown a brand of courage that has saved the lives of their prisoners, while others who have surrendered their men have shown such a lack of ability to perform their duties that legislation should be enforced against them.

During the weather bureau convention in Milwaukee, the poor weather is allowed to run itself and should one of the wind bags break or the cyclone machine get started, New York can be counted on to find some Chicago clerk who was negligent of his duties while the boss was away.

Chicago schools have placed a premium on good health by demanding of candidates for positions as teachers, a certificate of good health and physical development in keeping with the requirements along the line of mental culture and development.

The spasmodic efforts of the La Follette-Stephenson press syndicate to ridicule the new republican league lacks the logic of common sense. The league is republican and has come to stay. It will outlive the present administration.

Chicago is talking of selling the animals at Lincoln Park because it is too expensive to keep two herds, one there and one at the city hall, and then no one will buy those at the latter place.

Mr. Morgan's skill as a peace maker has suffered a defeat. Although able to win over President Shaffer, he has not been able to capture Pittsburg. He evidently forgot that was Quay's town.

The Chicago & Northwestern railroad is losing no time in making good the loss at the canning factory. The split is commendable and the company is entitled to credit for prompt and efficient action.

King Edward had to come to this country to find an elevator that would carry his titles and decorations up and down stairs.

**BRUSH WILL IS DECLARED VALID**

Christian Scientists Win a Big Victory in New York—Court Endorses Church Gift.

New York, August 29.—Christian Scientists scored a decided victory today when Surrogate Fitzgerald, in a 6,000 word opinion, decided that the will of the late Helen C. Brush, bequeathing \$90,000 to the First Christ Scientist, was valid.

This notable will contest last winter was replete with sensations. Christian Scientists from all over the country vied in the trial. The best of legal talent was engaged on both sides, and an expression frequently by one of the most prominent members of the faith was: "It is not Miss Brush's will that is in trial; it is Christian Science."

The contest was brought by relatives of Miss Brush—a brother and two of her three sisters—on the ground that as a believer in Christian Science she was mentally unsound, and that Mrs. Augusta E. Stetson, the first reader of the Church of Christ Scientist, of this city, exerted undue influence over Miss Brush. Miss Brush died of consumption.

## SUNDAY SCHOOL CHILDREN PARADE; ROCK COUNTY RALLY A SUCCESS

Milton Junction Schools with a Band and 200 Marchers, Was the Best Represented—Other Towns Well Represented—Program in Detail.

The Rock county Sunday school rally was a success in every particular. From early in the morning until ten o'clock members of the different Sunday schools throughout the county poured into the city in all sorts of conveyances from railroad trains down to bicycles.

At ten o'clock the different schools assembled in Jackson street in the vicinity of the Congregational church and marched in a procession to the Court House park.

The procession was headed by Marshall Rose, followed by A. E. Matheson, officer of the day. Then came the Milton Junction cornet band in their handsome uniforms heading the school of the M. E. church of Milton Junction, had about two hundred scholars in the procession and easily took the prize for having the largest representation of any school at the rally.

Then followed a long procession of the other schools of the county with their scholars in decorated wagons, carriages and buggies. The procession reaching from the Court House park to the church. The mission school in the town of Janesville has an enrollment of 52 and brought forty-nine scholars with them. Mrs. P. F. McGee is superintendent of the school.

The mission school at Indian Ford made a good showing. Mrs. Levi Hubbell, reported an enrollment of forty-six with thirty-four present.

Janesville had a special train of five coaches and brought besides a large delegation of scholars, a boys' orchestra.

The Sunday schools of Milton under the leadership of Superintendent George Saxe, made a fine showing. Beloit town had three mission schools represented, besides a number of children from the city schools who came along with the other delegates.

Center had quite a crowd of children and young folks in its ranks. Footville was well to the front in point of numbers. Johnstown and Lima doubled up with Milton and added quite a good sized bunch to Milton's showing. The mission school down at Happy Hollow surprised those in charge of the rally.

## DARLINGTON HAS BIG COUNTY FAIR

C. M. Fleck returned from the Darlington fair today. He says the exhibition is an elegant one. The crowds are large and the grounds covered with exhibits. The Wisconsin Carriage company of this city took all the first premiums for goods in their line and have enjoyed a large trade. The exhibit is in charge of Fred Vandewater.

D. W. Watt is very prominent among the horsemen and his services as a starter give universal satisfaction. In a running race yesterday a jockey was thrown from a horse and is not expected to live. The jockey is unconscious now. Rock county sheep breeders take the first premiums. Today the crowd is estimated at 10,000 people. There is no gambling on the grounds.

## Miss Ethel Lewis Surprised

Miss Ethel Lewis was given a surprise last evening at her home, No. 210 Center avenue. The Bachelor Maids hearing that she was about to leave the city for Waupun to reside thought it high time that the organization of which she is a prominent member should give her a send off. The surprise was complete and a very pleasant evening was spent by those present. Excellent refreshments were served. There was an abundance of ice cream, cake and fruit. The balance of the evening was spent in playing cards and games of various kinds and all voted it one of the most pleasant affairs of the season. The surprise took place at the West Side Odd Fellows' hall and about one hundred were present.

## Funeral of Wm. H. Blodgett.

The funeral services of the late William H. Blodgett will be held from the home, 204 Park Place, Friday afternoon at 1:15 o'clock. A prayer and a few remarks will be made and the funeral party will then go to Beloit where the regular service will be held from the Methodist church at 3:15 o'clock.

## WILL CLOSE LABOR DAY.

Our store will be closed on the afternoon of Monday, September 2. Hall, Sayles & Fifield, "The Reliable Jewelers."

## TRAGEDIAN SEEKS DIVORCE

Robert Downing Hires San Francisco Attorney to Prepare Papers.

San Francisco, Cal., August 29.—Robert Downing, the tragedian, has engaged Attorney H. H. Davis of this city to prepare papers for a suit for divorce from his wife on the ground of desertion. As a matter of fact the actor and his wife have not lived together for two years.

Eugenia Blair was the subject of comment in connection with a leading man some time ago, and it became well known to the dramatic profession that Robert Downing was not pleased with his wife's actions.

Eugenia Blair has remained in the East recently. She formerly had the reputation of being a beauty. She was married to Robert Downing about twelve years ago.

Prof. Warren D. Parker of Black River Falls was in the city today and attended the memorial exercises.

## MRS. H. M. PULKER'S SIX O'CLOCK TEA

About fifty ladies assembled at the home of Mrs. S. M. Pulker, on East street last evening to enjoy this gracious ladies' hospitality. A six o'clock three-course luncheon was served, Mrs. Pulker being assisted in the serving by Mrs. J. Holmes, Mrs. Orion Synderland, Mrs. P. H. Jackson, Mrs. Arthur Harris and Mrs. H. H. Bliss. The rooms were decorated profusely with golden glow, this beautiful flower being seen abundantly in all of the rooms. After luncheon the evening was spent in playing six-handed euchre, the first prize being won by Mrs. Chas. Bostwick, Mrs. J. J. Hall winning the lucky number prize.

## LARGE PLASTER CONTRACT

The Carbon Plaster Company of Fort Dodge, Iowa, at work on the Jackson block.

One of the largest plastering contracts which has been let in this immediate vicinity in some time has been secured by L. H. Lange, of the Carbon Plaster Co., of Ft. Dodge, Ia., on the Jackson block, and active work is now in progress. There are about 9,000 square yards to be covered and three cars of plaster, and one car of lime are necessary to complete the work. Supt. M. C. Ludwig of Plattville, Wis., and ten men are already here and work will be pushed as rapidly as possible. The material used by this company in their work is what is known as the Waterloo brand of plaster. This plaster is of an unusually good quality, being ground from pure gypsum rock mined from a depth of sixty feet under the earth surface thus assuring its good qualities. At Gypsum City, Ia., this plaster is manufactured, the main offices of the Carbon company being located at Ft. Dodge, Iowa. This material is a non-conductor to heat and cold and will withstand fire to a greater degree than any other plaster. Gypsum rock is found in only a few places in the United States. The Carbon Plaster Company has completed a number of contracts in prominent cities about the state. Among them: Oshkosh, West Superior, Fond du Lac, Dodgeville, Plattville, Ft. Atkinson, and a great many other cities. The Carbon Plaster Co. have mills at Gypsum City, Iowa, with all the latest appliances for the manufacture of plaster. They have a daily capacity of 200 tons and are gaining a wide reputation. They are well equipped to both figure on contracts and also to carry them out as the manufacture of the principal material is carried on by themselves and the actual work of placing plaster on the walls is also attended by members of the firm.

## STRUCK STONE HUNG ON DERRICK; A PECULIAR RAILWAY ACCIDENT

Passenger Train Between Here and Beloit Was Very Nearly Wrecked and Badly Damaged This Morning—Two People Slightly Hurt.

Beloit, Wis., August 29.—The Chicago passenger which leaves Janesville at 7:10 a. m. and is due here at 7:32 a. m. met with an accident about one and a half miles out of Janesville this morning which battered the train up considerably and slightly injured two passengers.

A construction crew are repairing a bridge on the line of road just outside of Janesville and a large derrick is in use for handling the heavy stone. One of these stones was suspended in the air across the track as the passenger came in sight running at a high rate of speed and there was no time to swing the derrick clear or stop the train.

The engine struck the stone, which entirely demolished the headlight; the severe crash swung the stone out and it came back again as the baggage car reached the derrick breaking in the end of the car and jamming along the balance of the train ripping out woodwork and windows its entire length.

## WASH WOMEN FORM A LABOR UNION

Nine Hours' Work and Ten Hours' Pay Will Be Their Demand—Local Labor Move.

A wash woman's union is the next probable labor organization on the docket. Nine hours' work and ten hours' pay will be the demand. The working hours will be from 7 o'clock a. m. to 5 o'clock p. m. Women who go out by the day and do the family wash at the home have been considering seriously the nine-hour problem for some time and yesterday one of them who was caring for the work of a Third ward family notified the lady of the house that her day's work would end at 5 o'clock and that there would be a wash woman's union formed shortly to help the cause along. Just who are the promoters and what steps will be taken have not been made public yet.

## MORE TALENT FOR THE GREAT CONCERT

Mrs. C. T. Learned, a Bright, Particular Star—Sale of Seats Opens Tomorrow.

Another important addition to the program of the popular local concert, announced to take place at the Myers Grand, on Friday evening, September 6, is Mrs. C. T. Learned of Fort Atkinson. She is a singer of ability, with a rarely sweet voice and will be a star on the program. She is at present a soloist at the First Baptist church.

Reserved seats for the concert will be on sale at the People's Drug Store and thereafter until the event takes place.

The committee in charge claim this will be the best and most interesting entertainment by exclusively local talent ever offered in this city. The best talent in the city has been secured and every effort will be made to give a strictly first-class performance.

**A Minister's Good Work.**  
"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Power of Emporia, Kan. "My neighbor across the street was sick for over a week, had two or three bottles of medicine from the doctor. He used them for three or four days without relief, then called in another doctor who treated him for some days and gave him no relief, so discharged him. I went over to see him the next morning. He said his bowels were in a terrible fix, that they had been running off so long it was almost bloody flux. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said, 'No.' I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured. I think it the best medicine I have ever tried." For sale by People's drug store and King's pharmacy.

## CENSUS REPORT ON NEWSPAPERS

By a report by the census bureau at Washington which is expected to be made public in the course of a week, a great gain in the number of newspapers published in the United States is shown, and incidentally a compliment is paid to the western section of the country.

The greatest gain in the number of newspapers and publishing plants has been made in that section, Massachusetts, according to the present census, will have to yield its place at the head of the list to Iowa. The Hawkeye state, in proportion to its population, has more newspapers than any state in the Union.

The total number of printing establishments in the United States, as will be shown by the forthcoming census report, is 23,916, a gain of 7,916 during the ten years ending 1900. The last census showed only 16,000 printing establishments. These establishments include job printing, newspaper and book publishing plants. Census officials point out that the greatest gain has been made in the west, and this section is shown to have made immense strides. Iowa, in proportion to its population, has twice as many newspapers as Massachusetts. The biggest increase in the printing establishments has been in the newspaper fields.

The report will also show that there are approximately 30,000 grist mills in the country, an enormous increase over the number ten years ago. The schedules on this subject have not yet been entirely edited, and the exact figures are not known.

There are approximately 40,000 breweries in the country. The census office is expected to issue its report on manufactures within a few days. It is looked for with considerable interest, as it is the most important report which the census office will issue, next to the report on the population.

Among the most important features will be that on the average wage scale throughout the country. The entire number of employees in the United States will be given, together with their average wage.

## MRS. POOR FOUND WANDERING

Discovered With Her Boys in a Pitiable Condition.

Cornell, N. Y., Aug. 28.—Mrs. Nellie Poor of Chicago and her boys have been found three miles east of this village. They had been tramping in the woods and mountains since last Friday and when found were in a pitiable condition. They had two small bundles and a tin pail, which had evidently been used for cooking purposes. Each of the boys carried a heavy iron railroad bolt a foot long. The mother and sons, all apparently in an unbalanced mental condition, were placed under the care of William H. Chamberlain of Kanona, N. Y., who is Mrs. Poor's cousin and who has led the search for them since they disappeared from Cornell last Friday.

All three were taken first to a hotel at Cornell, fed and properly clothed, after which they accompanied Mr. Chamberlain to his home in Kanona.

### Weather Signals to Farmers.

Lafayette, Ind., Aug. 28.—The distribution of weather signals to farmers by means of a combination of that service and rural mail delivery was given its first trial in this country today, and may be put in force throughout the country. The postoffice authorities adopted the scheme at the suggestion of Professor W. C. Latta of the Purdue experiment station. The five rural route wagons carried tin signals on their tops and the carriers distributed cards explaining their meaning.

### Mystery in Girl's Death.

Chicago, Aug. 29.—In the death of Pearl M. Ball, a musician and composer, young, attractive and talented, there is an unexplained secret. She was brought to the home of her father, Charles H. Ball, of 2 Forty-seventh place at 2 o'clock a. m. unconscious in a cab. She died at 5 o'clock despite the efforts of two physicians without regaining consciousness and under circumstances which pointed to morphine as the cause.

### Intends to Marry Lady Hope.

San Francisco, Aug. 29.—In an interview published in the Japan Daily Advertiser of Yokohama at the time of his arrival in the Japanese metropolis, Captain Putnam Bradlee Strong declared his intention to make Lady Hope his wife. He said: "She is at present trying to secure a divorce from her husband." He added that he expected to remain in Japan indefinitely and take up his residence in Yokohama.

### Kills Himself in California.

San Francisco, Cal., Aug. 29.—Luter A. Thrasher, a gauger in the internal revenue service, has committed suicide by shooting himself through the head. Dependancy was the cause. He was the son of Capt. L. A. Thrasher, internal revenue agent at Milwaukee, and came to this city after graduating from the Kansas state university. For a time he was employed as a newspaper reporter.

### Negro Murders a Woman.

Columbus, Mo., Aug. 29.—Eoss Rancis, a negro farmhand, murdered Miss Maud Henderson at the home of her brother-in-law, W. C. Hyatt, on whose farm the negro worked. Rancis escaped, but is being pursued by posses from Columbus and Warrensburg and will undoubtedly be lynched.

When baby comes to the home it will bind the wife closer to the husband, or it will gradually tend to cut her off from his companionship. A sickly mother loses in physical charm, and often in temper and disposition. A fretful child is a trial, even to loving parents. The use of Dr. Pierce's Favorite Prescription prepares the wife for motherhood. It strengthens the body, and induces a healthy condition of mind, free from anxiety or fear. It makes the baby's advent practically painless. The mother being healthy her child is healthy, and a healthy child is a happy child, a joy to the parents, linking them together with a new bond of affection.

There is no opium, cocaine or other narcotic in "Favorite Prescription."

"I read what your medicine has done for other people," writes Mrs. Edwin H. Gardner of Beelwood, Norfolk Co., Mass., Box 70, "so thought I would try it, and I found it a blessing to me and family. I took your medicine the year when I had a ten pound girl. I had the easiest time I ever had with any of my three children, and I have been very well ever since. I took three bottles of 'Favorite Prescription,' three of 'Golden Medical Discovery' and three vials of 'Pellets.' Before I took your medicine I only weighed 135 pounds, and now I weigh 175 pounds."

## A Wife Says: Ladies Investigate The Value of ROBINSON ...ALE...

"We have four children. With the first three I suffered almost unbearable pains from 12 to 14 hours, and had to be placed under the influence of chloroform. I used three bottles of Mother's Friend before our last child came, which is a strong, fat and healthy boy, doing my housework up to within two hours of birth, and suffering but a few hard pains. This liniment is the grandest remedy ever made."

will do for every woman what it did for the Minnesota mother who writes the above letter. Not to use it during pregnancy is a mistake to be paid for in pain and suffering. Mother's Friend equips the patient with a strong body and clear intellect, which in turn are imparted to the child. It relaxes the muscles and allows them to expand. It relieves morning sickness and nervousness. It puts all the organs concerned in perfect condition for the final hour, so that the actual labor is short and practically painless. Danger of rising or hard breasts is altogether avoided, and recovery is merely a matter of a few days.

## LAST GREAT SLASH In Price Of... OXFORDS

We must close out the balance of our Oxfords this month to make room for our Fall Stock, which is beginning to arrive.

THERE will be a long time before cold weather for you to wear low shoes and you can not afford to miss this opportunity of getting such shoe values for so little money. We have fitted our bargain table again with high grade shoes and oxfords, not quite the latest in style, but are wonder values. All go at one price.....

# 1500

During the summer we have sold 1500 vehicles. Does not this large number of sales speak for themselves. We have kept this summer a stock of vehicles second to none. This fall we expect to daily add to our sales. Visitors always welcome.
